2) Merchants Page

The screenshot shows a page for viewing merchant profiles. At the top, there is a search bar labeled "Search merchant..." and a red "Search" button. Below the search bar, there is a "click to view" button.

Merchant Profile 1 (The Green Grocer):
Merchant Name: The Green Grocer
Description: The Green Grocer is your one stop shop for all things fresh and healthy!
Address: Lot 299-303, Section 49 KTLD Jalan Abell, 93000, Kuching, Sarawak ...
Rating: ★★★★★ Avg Rating: 5.0
View Merchant

Merchant Profile 2 (Always Fresh Canned Goods):
Merchant Name: Always Fresh Canned Goods
Address: Bangunan Kepli Holdings, No.139, Jalan Satok, 93400, Kuching, Sarawak ...
Rating: ★★★★★ Avg Rating: 4.3
View Merchant

A red box highlights the "Search for merchant" field, and another red box highlights the "View Merchant" button for the first merchant profile. A blue arrow points from the "click to view" button to the merchant profile. A blue arrow also points from the "Search for merchant" field to the "View Merchant" button for the second merchant profile. A blue arrow points from the "Average ratings of" text to the average rating for the first merchant.

i) Store Page

The screenshot shows the Little Farmer store page with a green header. The store logo features a sun, a tractor, and a hand holding a leaf. Below the logo, the store name "Little Farmer" is written in English and Chinese. A short description of the store's mission and address follows. The store has a rating of 4 stars from 11 reviews.

Product List:

- Avocado (300g)**: Healthy fat for healthy dishes! Number Left: 181. Price: RM 7.50. Quantity: 1. **Add to Cart**.
- Fruit Cucumber (300g)**: Timun for dishes. Number Left: 482. **Add to Cart**.

1. Product Report

≡ Reports

Product Report

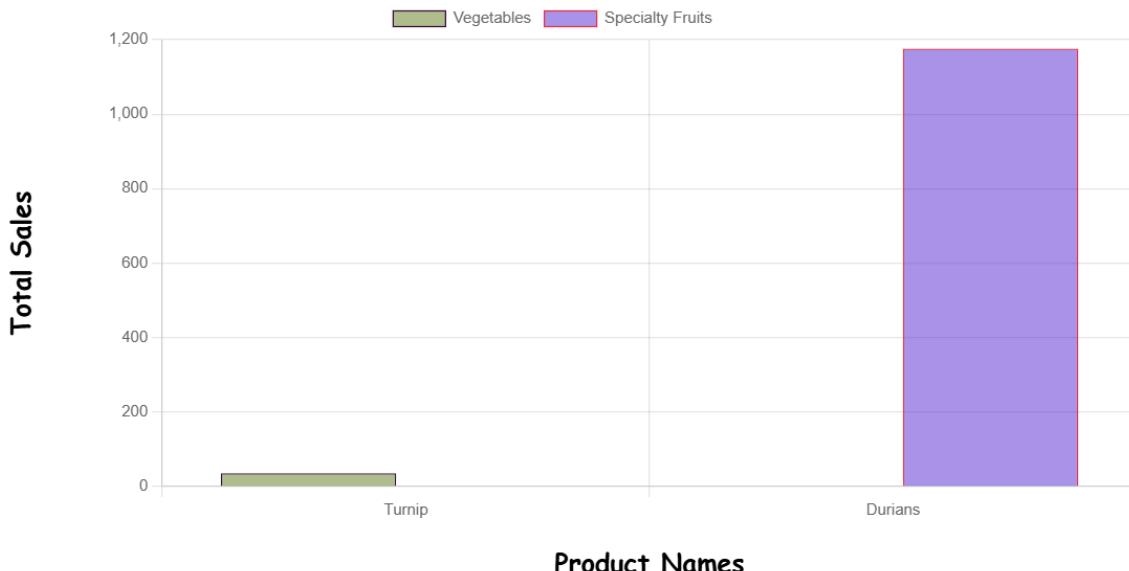

Market Share Pie Chart

Market Share Pie Chart Explanation:

The Market Share Pie Chart illustrates the distribution of sales among different products based on the data obtained.

Product Performance by Region Graph

Product Names

The graph illustrates product sales across various categories and regions. Each bar represents the total sales volume of a product category, providing insights into relative performance and identifying popular categories.

The most popular product category, **Specialty Fruits**, leads with total sales reaching **RM1,176.00**. This insight assists in directing marketing strategies and optimizing inventory based on sales performance.
